Guitar Vocabulary Assignment #1

For this assignment you are required to use at least 20 vocabulary words from your list of vocabulary words #1-33. Underline the vocab words that you use, and number them in order(example below). This assignment is worth 50 points (2 pts per word, 10 pts for writing)

At home I have a classical guitar.[1] I can differentiate because it has an open headstock[2] and nylon strings.[3]

Use the space below to describe the guitar you have at home (if you have multiple, pick your favorite). Start by identifying what "type" of guitar it is and why. You can also describe why it is not other types of guitars (give specific reasons). Describe the parts of the guitar. For example: What does the body look like? Are their inlays on the fingerboard? Does it have an open or closed headstock? Is it electric? How many knobs? Go into detail and be sure to describe instead of simply "naming" (for example, don't just say "it has a headstock, it has a waist... describe them).
